Innovative Home, Pet & Garden Care

Welcome to the home of innovative solutions for home, pet, and garden care. We work in partnership with key distributors across the UK to provide quality assured, cost competitive solutions to help deal with the common problems and tasks in and around the home and garden. Supported by Sipcam Oxon, an international specialist in crop protection, we have an unrivalled network from which to utilise new technology and expertise to serve our retail partners.

Bringing unique home and garden solutions to the gardening and pet market, our team is here to work with you to help you grow, offering the flexibility and character of a small business from the security of a large group. With a continuous focus on innovation across product categories, we are proud to introduce key new product developments, providing a stronger portfolio for you to choose from.

From our market research we have identified a growing demand for natural and family safe solutions and have invested in a range of child and pet safe solutions in our ecofective® brand. This includes our ecofective® Organic Superfood range, winner of the **GIMA Sword of Excellence** for its 'Ideal for Peat-Free Compost' product. Due to the success of the range we have added new products, including a new range of Organic Superfood pouches which use up to 70% less plastic packaging.

We are also introducing the almighty, Patio Blast, a powerful cleaner for outdoor surfaces. It kills and controls green growth, algae, mould and lichens...including black spot and lasts for up to 9 months, meaning a clean patio all spring, summer and autumn long!

We continue with our range of products within the garden maintenance SPOT-ON brand, and can now also offer even more market beating brands, as the exclusive UK distributor of the Fito & GET OFF. We are also proud to announce that we have entered a partnership that sees Sipcam Home & Garden become the UK retail distributor for Block Blitz' amazing range of patio products.

CHILD AND PET SAFE

Passionate about creating beautiful gardens with minimal impact on the environment, the ecofactive® brand offers garden feed, clean and control products that are safer for your family, good for garden wildlife and kinder to the planet. Also used by professional growers, the brand provides effective alternatives to conventional chemical garden care products. Our formulas are pesticide free and we use recycled materials wherever possible. **All ecofactive® bottles are made from recycled materials and are fully recyclable.**

USES 60% LESS PLASTIC

ecofactive® refills mean users can reduce waste and reuse ecofactive® bottles with the ecofactive® 200ml refill concentrate option. These are easy to use, simply add the refill into the original bottle, top up with water and it's ready to use again.

OUR POUCH USES
UP TO
**70%
LESS PLASTIC**

We're buzzing about our innovative, flexible pouch, which uses between up to 70% less plastic than a traditional rigid bottle. What's more, a flexible pouch offers significant advantages: it's more compact and lightweight than a rigid bottle and consumes less energy throughout its lifecycle. This includes reduced energy usage in manufacturing, transportation to production sites, delivery to stores, and users homes. Less plastic material used also results in less waste to collect, sort and recycle!
